

Centre for Global Policy Research

The Centre Global Policy Research (CGPR) is an independent, non-partisan think tank whose peer-reviewed research, foresight and trusted analysis influence policy makers to innovate. We are delighted to welcome researchers, academicians, and professionals from around the world to our scholarly community. CGPR provides a platform for sharing innovative ideas, valuable research, and new developments. CGPR aims at becoming a primary research and debate platform with relevant online publishing, and other forms of knowledge-transfer, to nurture a comprehensive understanding of the intertwined global policy. We warmly welcome your knowledge, ideas, and contributions to CGPR for publication.

Scope of the Book

This book provides a thorough analysis of the potential benefits and dangers of Artificial Intelligence (AI) for democracy. AI is one of the most impactful innovations that the world has ever seen. It has emerged as the paramount technological advancement of the twenty-first century. This technology, which was developed in an effort to enable machines to think and learn, is now on the verge of transforming democratic governance. AI has emerged as revolutionary technology with the potential of redefining several facets of contemporary civilization in the recent years. AI, as the transformative technology of the 21st century, is swiftly reshaping the democratic landscape. It offers extraordinary opportunities to enhance governance and administrative efficiency but also raise crucial questions regarding individual freedoms, civic participation, and the concentration of power.

Book Title

Democracy in the era of Artificial Intelligence: Opportunities and Risks Volume-II

Themes of Interest

We welcome high-quality submissions in (but not limited to) the following areas:

- 1. AI and Future of Democracy**
- 2. AI and Human Rights**
- 3. AI and Social Media**
- 4. AI and Disinformation**
- 5. AI and Harassment**

Academics, researchers, Ph.D. scholars, and development practitioners are invited to contribute their original and unpublished research-based book chapters for inclusion in peer reviewed edited book volume. The manuscript should be the author's own original work, and does not duplicate any other previously published work, including the author's own previously published work. It is not under consideration or peer review or accepted for publication or in press or published elsewhere. Manuscript will be accepted on the basis of novelty and its contribution to the existing literature.

***IMPORTANT NOTE:** There will be no submission or publication charges. Only First authors of each chapter will be provided a hard copy after publication of the book. The book will be published by Centre for Global Policy Research (CGPR). Book chapters will also be published at the official website of the CGPR, <https://cgprpk.com/>
